

Writing a Note

Exercise 1

Last night your neighbour was listening to very loud music. You weren't sleeping and enjoyed the music pretty much. In the morning you decided to call on your neighbour to find out the name of the band, but he didn't open the door (being sound asleep, probably).

Write a **note** to your neighbour to satisfy your curiosity.

In your note:

- express your positive feelings about the music;
- mention being a fan of that music genre;
- ask the name of the band;
- give your contact details.

Write about **50–60** words.
